Diving & Fishing Trip

Brian is very knowledgeable of the FI Keys. He started our trip out with a boat safety briefing which set the tone for customer satisfaction as his first priority. We not only caught a very nice limit of the targeted species, gray snapper, but he also cleaned and bagged the fish at the end of the trip. Been coming to the Keys for over 30 years - Brian is my number 1 choice of a charter captain.

Great Sunset Experience

We went on a great sunset tour with Captain Brian and Keys Boat Tours! It was the best way to top off our Keys vacation. Not only did we see a beautiful sunset, but we learned a lot about the Keys and surrounding waters! Plus, we received some great bonus photos! Highly recommended!

Lots of fish and dolphins too!

We had a wonderful day. It started with a great show by some dolphins and ended with flurry of fish biting.

Gorgeous reef, excellent trip

The snorkeling trip was the best part of our stay in the Keys. I am so glad that we chose Capt Brian as our guide! He even guided us in the water!

ABOUT US

Keys Boat Tours and Island Design are businesses that we, Capt Brian and Capt Allison share. We thought that it would be fun to play around with a faux campaign for Big Pine Key RV, (for your eyes only, of course).

This presentation, **Imagine You, Here** could also be titled, **The Possibility Of It All**. We hope that you like it and that it helps in some way. We are happy to assist in making some of these ideas a reality, if only teaming up for “The Package”. But, perhaps with boat rentals too.

That said, we are happy to remain as we are, the #1 rated charter boat business based at Big Pine Key RV (only). Please feel free to market us as such. In any case, we thought this as a good way to let you know what we do.

[Island Design.us](http://IslandDesign.us) is available too, should you be interested to hire our services for Big Pine Key or any other Cove Communities properties.
